Education

Ashoka University August 2024 – Present
BSc (Hons.) Physics; Minor Astronomy *3.09/4 CGPA*

Jayshree Periwal International School April 2022 – May 2024
***Class XII**-International Baccalaureate Diploma Programme* *83.8%*

Mayoor School Ajmer April 2020 – March 2022
***Class X**-International General Certificate of Secondary Education (IGCSE)* *89.88 %*

Research Experience

Ashoka Astronomy Internship June 2025 – August 2025
Ashoka University *Sonipat, Haryana, India*

- Designing and making Fraunhofer spectroscope using a blazed diffraction grating under the guidance of Prof. Dipankar Bhattacharya and PhD Mainak Chatterjee.

Projects

QUASAR Spectra Analysis April 2025 – May 2025
Ashoka University

- Collected and analysed spectrum images for 3C273 using telescope on campus under the guidance of Philip Cherian, PhD Department of Physics.

Photometry Analysis for T-Corona Borealis December 2025
Ashoka University

- Analyzed images to get the normalized counts per second against date to plot the light curve. Attempted to calculate the period of transit of the binary star system.

Creating a GUI for Ashoka's Astronomy Data Archive June 2026
Ashoka University

Created DynaPhy- a python package for visulaising linear and 2-dimensional dynamical systems May 2026

Research Presentations

Ashoka Physics Students Symposium (APSS) - Presented work on the Fraunhofer Spectroscope with Ananya Barman, Abhimanyu Durvasula; recieved Honorable mention.

Positions Held

Executive Head- Events and Ideation Department April 2025 – May 2026
Astronomy Society, Ashoka University

- Assisted in ideating and organizing intra as well as inter-collegiate astronomy events.
- Led a team of 10+ undergraduates to manage over 200 external participants.
- Conducted a workshop on image processing using SIRIL along with Prof. Dipankar Bhattacharya

Events and Outreach Member February 2025 – Present
Physics Society, Ashoka University

- Organized intra-university events to such as talks, open-labs and more to spark interest in Physics.
- Assisted in organizing the flagship event Ashoka Physics Student Symposium (APSS), with over 50 participants.
- Conducted a workshop on the basics of Python using packages like Numpy.

Undegraduate Physics Representative May 2026 – Present
Ashoka University

- Serving as the elected student representative of the undergraduate batch of Physics students at Ashoka University (principal contact point between the undergraduate physics students and the Physics department, UG, PhD students, and others)

Intern September 2022 – September 2023
Skull and Skill *Jaipur, Rajasthan, India*

- Assisted in organizing multiple astronomy events in schools throughout the city.
- Worked with over 300 students of grades 4 to 10.

Deputy Green House Captain August 2022 – August 2023
Student Council, Jayshree Periwal International School *Jaipur, Rajasthan, India*

- Worked with the student council to lead a student body of over 2000 students.

Awards & Honors

World Economics Cup 2023
International Economics Olympiad (IEO) *2023*

- All India Rank 17 in IEO national qualifiers.

International Award for Young People- Bronze Award
Duke of Edinburgh *(2022-2023)*

Specialized Skills

Programming Languages: Python (beginner)
Data analysis: Astronomical Image processing, Stellar Photometry, Spectroscopic analysis.

Volunteer Experience

Habitat for Humanity India: Team of 70+ helped raise over 4 lac rupees to build homes in Karjat, Maharashtra.
Akshaya Patra- Fuel a Dream: Raised 10000+ rupees; providing mid day meals to government school students.

Other Interests

Music: Drums (member of university western choir), Keyboard
Sports: Badminton, Table Tennis
